 \$479 for non-PMI-CCVC members
 Add \$50 after May 21st
 Cost includes course materials and dinner

CAPM® Examination Preparation Course

Why should I get my CAPM®?

Demand for credentialed project managers is increasing. Recent surveys have shown on average that CAPM credential holders are earning more money than their non-credentialed counterparts.

Why Should I take this course?

You'll gain the essential knowledge and preparation necessary to pass the Project Management Institute's CAPM Certification Exam. The course is based on PMI's PMBOK Guide 5th Edition.

This unique training, taught by professional CAPM or PMP-certified project managers with over 100 combined years of experience, will help you understand - not memorize - the concepts necessary to pass the CAPM exam. Our instructor's backgrounds include Healthcare, Engineering, Construction, Transportation, Education, Aviation, Electronics, Manufacturing, Telecommunication, and Information Systems.

Course materials provided:

- RMC's 3rd Ed CAPM® Exam Prep Manual

Twelve 2 hour sessions over 6 weeks
 (Tuesdays & Thursdays)
 6:00 – 8:00pm
